I have completed IMS lead auditor online course in Sept 2021 with AKSHAR Management Consultant. It was a really great experience for me, It was a nicely organized & executed event, training delivery & methodology were perfect, faculties were very nice & competent. I would strongly recommend AKSHAR Management Consultant for training & consultancy services on any Q&EHS matters.

The material was provided especially on the way they were provided in a collaboration manner, at the same time whenever observed to be not clear the trainer was able to go back and repeat in order to make sure everyone understand. Am sure I have added high value to what little I was having before, and now I am expecting high value output on doing audit

Rare opportunity to learn the 3 in 1 Lead Auditing within the 5 consecutive Sundays. The 5 Sundays are manageable for working practitioners like us. Knowledge and skills gained from the Trainer are great. He is professional, knowledgeable and experienced. Very satisfactory. Recommendable to others. Thank you.
